Shockeysville Church 2017 Shockey Reunion

Dear Friends and Shockey Cousins

By: Lesley Shockey

Another year has passed by and it again time to compose the Shockey Newsletter and to make plans on attending our Shockey reunion once again. It will be good to see the many friends that we have met over the years and look forward to the new relatives that we will meet at this year's reunion. I have been trying to make arrangements for this year's reunion but with living 225 miles away it has not been an easy task.

I truly hate to start another Newsletter reporting on my health issues but again it seems necessary to do so. Only ten days after last year's reunion I had emergency gall bladder surgery. It turns out that it was septic and the surgeon said that I would not have lived out the weekend without the surgery. It was performed on July 14th and I was released the next day. Twenty four hours later I was back in the hospital with a very high temperature. It turns out that I had developed E-COLI. It took six days to find the antibiotics that would take care of the infection. It was a new strain of E-COLI called ESBL and the surgeon said that It had only recently appeared the largest surgical operating centers but never in West Virginia. It appears that my luck continues.

I spoke to Marie on the telephone a few days ago. Her email is still not working and so she cannot contribute her article. She continues to do very well for someone who is over 95 years old. Later in this Newsletter will appear an article that her son sent me about her.

This year's reunion will be concentrating on the Mad River Township of Champaign County Ohio where Isaac Shockey's son Abraham settled about 1803. We will be staying In Piqua, Ohio at the **Comfort Inn Miami Valley Centre Mall**, 987 E. Ash St., Piqua, OH 45356. Reservations can be made by either calling their telephone number: **1-937-778-8100 option 0** for group reservations and specify **Shockey Family Reunion** or by clicking on the following link which is for our Shockey Reunion only: <https://www.choicehotels.com/reservations/groups/ES9TR9> They are having trouble with the online registry and many times it will report that no rooms remain in the block. The selection of rooms (queen, double queen, or king are all priced at \$95.00 plus tax. Many amenities are included. This hotel is within close proximity of Fort Piqua Plaza and Piqua Historical Area State Memorial and is adjacent to the Miami Valley Centre Mall.

On Friday June 29th plans are for tours of either the Air Force Museum at Dayton or the Neil Armstrong's Air and Space Museum.

Saturday morning will be the tour of the area cemeteries that contain Shockeys and their descendants. The cemeteries in Champaign County contain descendants of at least two of John Christoffer's sons, Abraham and his descendants from Isaac and Nancy Ann Shockey Hullinger, daughter of Valentine. About 3:00 pm we will have the annual Board of Directors meeting.

Sunday morning allows you to attend the church of your choice. Mindy Shockey has invited the Shockey family to visit her church which is the Fletcher Methodist Church. located about seven miles east of Piqua on Rt. 36. After church services we will gather for lunch and our annual meeting. Mindy and John plan to offer for the Sunday meal: Hamburgers, Hot dogs, Brats, Buns, Potato salad, Pasta salad, 3 bean salad, Tossed salad, Veggie tray, Homemade Boston baked beans and Fresh corn on the cob. Dessert: Fruit, Ice cream, Cookies. Drinks: Lemonade, Ice tea and bottled water. Planned costs are \$12 adult and \$6 children under 10.

For those who stay until Monday there will be a tour of the cemeteries farther north in Wapakoneta and Lima areas.

SHOCKEY Genealogy Updates

Lesley Shockey

Once again I have not had as much time to spend on the **Shockey Family database** as what I would like. There seems to be something to do all the time and it sure takes me longer to accomplish jobs each year. I do add to the data as time permits. It is always a really big help when family show up at annual reunion with their branch of the family prepared and with a GEDCOM to make the import of the data easy. **Having your database well documented will bring big smiles from any genealogist.**

Remember to bring your family photographs that can be scanned and entered into the database. If you do not have a database that can be exported by a GEDCOM, at least be sure to bring additions or corrections to the reunion. Make notes of dates and places in order to insure that we enter the correct information. Too much information is always better than not enough.

We currently have 22,800 names in the master database and 8,146 families. There are 31,000 events listed (births, deaths, marriages and burials and over 1,034 photos of persons or tombstones that are attached to one or more persons. Thank you for all the individuals who submit information to add to the database.

SHOCKEY-SCHACKE DNA PROJECT

There is currently 62 individuals who have had their DNA tested are listed on the SHOCKEY-SCHACKE DNA PROJECT. Some members have also taken part in other company DNA tests.

With the Family Tree DNA Project there are 36 individuals who have taken the test for Y-DNA. Three of the members have taken the Big-Y test. Seven have tested the 111 marker level and another 30 have tested 67 marker. On the Big-Y test I have 40 close matches on this test but the surnames do puzzle me as I cannot see their names as having derived from our Ancestral surnames (SCHACKE, JAGGI, JACKY and the one farthest back of JACOB. I do match the other 5 that have taken the 111 marker test so there is no doubt that I am a descendant of Johann Christoffel.

There are now 24 people who have taken the Family Finder test and almost every day I am notified of one or more of those matching another cousin. Among those who have many matches is Charlotte Shockey with 3,030 matches and Kaylene Silvester with 3,256 matches. I currently have 4,131 matches but there are only a few of those that I can find the genealogy connection. We now have 20 men who have taken the Family Finder test.

Shockey FindAGrave Project

A huge THANK YOU goes out to Stacie George Briggs, Charlotte Shockey, Michelle Shockey, and Stefanie L. Steffey for their wonderful volunteer work on the Shockey FindAGrave Project headed by Charlotte and Stefanie. The Project's mission was to request photos each week (20) of all graves with the surname of Shockey of which there are many whether it's maiden or married. There are still a few remaining to be asked for but Stage 1 of the Project is almost done. While doing this they also have gathered a "issues" list of those who either don't have stones, can't be found, cremated, or unknown. If it's known that there is no stone to be found they put up a photo stating that fact so others will know. Stage 2 will be a spreadsheet of all Shockey's and descendants on FindAGrave. From there it will be compiling a list of Descendants to request photos for. If you are interested in helping compile the spreadsheet please email Charlotte - genealogy82@gmail.com with the header FAG Spreadsheet Project; preferably with a Gmail account as the doc is in Google Docs.

Marie Shockey recalls Eclipse

Marie Shockey, 94, said she saw an eclipse “years and years and years ago,” noting it was probably some time during the 1920s. Although she currently lives in Allegro senior living center in Elizabethtown, at the time of the eclipse she lived in the Blue Ridge Mountains in Virginia.

Shockey said it got real dark, “like night” and a lot of people were scared.

“They thought was the world was coming to an end. Of course, they didn’t have the communication then like they do now because that was a long time ago,” she said. “People who

didn’t have any communication, they didn’t know what was going on. Nobody ever knew it was going to happen. And older people thought that everything was superstition to them. They thought the world was coming to an end when it all got dark.”

Shockey said she didn’t remember what she was doing at the time of the eclipse, but it didn’t last long.

For this year’s total eclipse, Shockey said she’s going to watch it on TV.

“You can see everything better that way.”

A livestream of Monday’s eclipse also is available at www.nasa.gov.

This article appeared in the Elizabethtown, KY newspaper during the 2017 Eclipse.

NO JOURNEY’S TOO LONG WHEN IT COMES TO EDUCATION

How far would you commute for an education? By the time the current school year is over, Kent Silvester, 66, and LeRoy Musick, 76, both of Imperial, will have driven about 16,000 miles.

The two men are learning about classic car restoration at Mid-Plains Community College (MPCC) in North Platte. The route they take to get there is 100 miles, one way.

“It’s about an hour and 35 minutes unless we have to stop for a train or slow down for deer,” said Musick.

“Because we’re on Mountain Time and the college is on Central Time, we have to leave Imperial around 5 a.m.,” he said.

They make the drive five days a week, often stopping along the way to pick up donuts for the rest of the class. Despite being time-consuming, the journey is one they always look forward to.

“The auto body program is a lot of fun, which is what we’re taking it for,” said Silvester. “It’s common to reach a crossroads after retirement, and start to wonder, ‘Do I buy a new recliner, or do I get out and do something?’”

This program has really helped me keep active,” Silvester said.

It’s also put him in touch with a lot of new friends with similar interests, such as Musick. The two had been acquaintances for a long time. They met because Silvester used to frequent a restaurant owned by Musick in Imperial. However, it wasn’t until last summer that they really bonded over cars.

Silvester had been taking night classes through the college since January 2016 in an attempt to restore a 1970 Chevelle super sport 454 that had been sitting in his quonset for 25 years.

“I thought I could fix it up pretty quickly, but the more I got into it, the more damage I found,” said Silvester.

“The front fenders and rear quarter panels were bad, the wheel wells were rusted and the interior had been destroyed by mice and raccoons,” he noted.

Realizing the project would take more work than he originally thought, Silvester decided to enroll in the Auto Body Technology program full time in the fall. He then went on the hunt for someone to travel with, both for the company and to split the cost of gas.

Silvester knew Musick liked classic cars because he had seen him at car shows. He also knew Musick had a vehicle he was trying to fix up, a 1941 Mercury Convertible, purchased in pieces out of Missouri.

Shockey Cookbook

Looking for either old family recipes, or recipes your family uses a lot! Stories behind the recipe or, a fun one of you making it with family to go with it. Also, a couple of family photos. The plan is to make a Shockey Cookbook with a little genealogy, and photos - to raise money to help those who can't afford DNA tests (auDNA and Y-DNA).

If you only have one of the items such as just a recipe but no photo or even a story that is absolutely fine as well! I think 140 recipes would make a wonderful cookbook size. So please do send in what you can and/or as many as you can!

After collecting many trophies in baseball, basketball and football, Warren undertook a 4th sport. He spent the fall competing in Dual Athlon Events which require running (usually two miles), biking (usually seven miles) and running the same course as before.

At left he is pictured as he completes the event held in Akron Ohio. He normally competed in the 14 and under but in Akron all the youth were in one group. He came in second to a 18 year old. He finished the year number 1 in Ohio age 15 and under. After competing in a few events in Ohio, his father decided to enter him in national events which included events in New York and one in Delaware. Long Island was the longest trip.

Warren is active in baseball right now, as is his brother, Michael, but this fall he will be taking part in Dual Athlon in between football games.

By the age of 12, her parents, Irvin and Idell Harper had skipped around the U.S., following Irvin's Naval officer career during World War II. Irvin and Idell established early in their marriage and home the importance of faith. Lena learned from a young age about the love of Jesus and decided early to follow His path for her life, grateful for His grace.

Soon after arriving in Gilmer in 1946, a young blonde chap caught Lena's eye. His name was Billy and they were in the 6th grade. Their romance burned and cooled during junior high and high school. In the summer of 1950, her high school senior year, Lena was crowned the 13th Yam Queen of the East Texas Yamboree, and in the spring graduated with the Gilmer High class of 1951. Lena and Bill went their separate ways for college, Lena to Baylor and Bill to Texas A&M. Lena worked to finish her degree at Baylor in three years so they could marry on August 8, 1954, the summer before Bill marched in his senior boots on Kyle Field with the Texas Aggie Band. Bill graduated in May of 1955, and later in August of the same year Anel (Lena spelled backwards) made her appearance. Just a few months later, the Army beckoned and moved the young Douphrate family to New Jersey and then to North Carolina. A quick and surprising thirteen months later, along came William L. (Dub). By 1960, the Douphrates made their home in Carrollton, and with Anel and Dub in school, Lena was able to use her business education degree at R.L. Turner High

School teaching typing, business law, and shorthand. The summer of 1966 found Lena radiating with a glow of pregnancy of baby #3, Della Jane; and just a couple years later along came David.

Once the younger set were in school, Lena desired to expand her education and finished her Master's in Education in counseling at North Texas State University. She then served as Vocational Counselor at Newman Smith High School for ten years. In 1983, Lena and her fellow counselor and dear friend Windy Sitton switched gears a bit, spread their entrepreneurial wings and launched The Color Connection with the goal to educate fellow career minded women on the importance of image and wardrobe choices.

Lena was an amazing woman. She could complete the New York Times crossword in 15 minutes...in pen. She spoke fluent Spanish, and was known to tutor immigrant families with their English. A true southern lady, she never went out without her makeup and a huge smile. She was a Boy Scout den mother, and endless crafter of costumes. She was both a party planner extraordinaire and then the life of the same party. She was a compassionate drier of tears with a gentle listening ear. She was queen of the neighborhood fun house, and later, present for the births of all of her grandchildren. A member of the First Baptist Church, Carrollton since 1960, she loved her church family dearly. Lena's grand achievement was watching her children and grandchildren grow and learn. On one wall of their home she proudly displays all graduation photos of them receiving diplomas, upwards of 50, from kindergarten all the way through PhDs and MDs.

Lena is preceded in glory by her parents Idell and Irvin Harper, as well as grandson William Lucas Douphrate III (Luke). She is survived by her husband of 63 years, Bill; children Anel Ryan (husband John), W.L. (Dub) Douphrate II (wife Ginger), Della Allen (husband Rick), and Dr. David Douphrate (wife Jeanne). Lena was the proud grandmother to 14 grandchildren, Scott Bow, Dr. Brad Bow, Tyler Blalock, Dr. Emily McCullar, Kaitlyn (Douphrate) Bissenden, Drew Douphrate, Mickey Evans, Lenae (Allen) Stamps, David Allen, Jane Allen, Claire Allen, Evan Douphrate, Nathan Douphrate, and Slater Douphrate, as well as 5 great-grandchildren.

Margaret Ellen Froehlich, 94, Chambersburg

Margaret Ellen Froehlich and her twin sister, Marion, opened their eyes to the world on January 31, 1923 in Milwaukee, Wisconsin. They were the fifth and sixth children of 12 siblings born to William F. and Ida (Peters) Froehlich. Marion returned to Heaven in 1924 due to complications of pneumonia. Margaret (Froehlich) Middaugh (Mickey) also returned to Heaven on October 2, 2017 in Chambersburg, at the age of 94. Kenneth Middaugh from Margaretville, NY and Mickey were married on August 18, 1944(?) but shortly after the wedding, Ken was stationed in Calcutta, India for a two-year tour of duty. There were many love stories from World War II, and Ken and Mickey's was one of them. Anxious to start their family when Ken returned, Mickey became pregnant immediately with their first child, a daughter, Barbara Ann. The second of their four children, Kathleen Jeannette, was born in Santa Monica, CA in 1951, followed by son (finally!), Ronald Kenneth, in 1953. As the family grew, they purchased a larger house in Mar Vista, CA. Baby sister, Sharon Marie, followed in 1958 and the Middaugh family was complete. A move to Arizona happened in the early Sixties, then a return to NY two years later. In August of 1965, the family moved to Chambersburg. Ken went to work at Letterkenny Army Depot, and Mickey – once again – set up housekeeping in another new environment.

She was a regular member of St. Thomas Lutheran Church and had a strong relationship with her Lord. Having turned Ken over to Him in 2006, Mickey knew that someday they would be together again. In the meantime, she took her first airplane trip in 2007 to visit family and friends in California and loved it! She drove her van until she was 88 years old and maintained her own apartment until 2017. Mickey's health began deteriorating years before she passed, but her strength brought her through the difficult times, including breast cancer, a mastectomy, and kidney disease. Until her passing, she resided at Menno Haven in Chambersburg where she made many new friends.

She leaves behind a loving sister, Alice Froehlich of Tomahawk, WI; as well as many nieces and nephews. Also, her son, Ron and his wife, Loretta of Gettysburg; her daughters, Barbara Barclay of Olympia, WA, **Kathleen Shockey and her husband, Michael** of Greencastle and Sharon Ferry and her husband, Frank of Tujunga, CA. Mickey's grandchildren include, Lisa, Ben, Anna, Jina, Rob (deceased), Caren, Katie, and Renea. Her great-grandchildren include, Brittany, Isaac, Joseph, Max, Adrienne, Riley, J.J. (Brandon), one to arrive in October, and one in the Spring.

The family would like to give special thanks to Vonnie Foltz for her friendship and loving care of Mickey these last few years; William "Billy" Kriner for his years of support and love; Dr. Tunde Tijani; Drs. Diana and Greg Lyon-Loftus @ Mont Alto Family Practice, and to her wonderful caretakers at Menno Haven. In lieu of flowers, donations can be made to St. Jude Children's Research Hospital.

Godspeed, Mickey. Your work here is complete. Go in love and peace.

Funeral services will be held at 12 PM Monday, October 9, 2017 in the Chapel of Thomas L. Geisel Funeral Home and Cremation Center, 333 Falling Spring Road, Chambersburg. Chaplain Adam Leeper will officiate. Interment will follow at Parklawns Memorial Gardens. The family will receive friends from 11 AM until services begin at Noon on Monday at the funeral home.

Louis F. Comus, 101, Scottsdale, AZ

Louis F. Comus, 101, a longtime resident, denizen and good guy of St. Marys, died peacefully on Sunday, Jan. 7, 2018, in Scottsdale, Ariz.

Louie was born Dec. 15, 1916, in Wabash, Ind., to Frank and Mary Etta (Watson) Comus. After graduating from Wabash High School, he earned his chemical engineering degree from the Indiana Institute of Technology.

He married Dessie L. Shockey, also from Wabash, on Aug. 25, 1940, and the couple settled in St. Marys, where Louie was employed at Goodyear Tire and Rubber Company in the metal preparation department, in which he served as engineer and supervisor until his retirement in 1982.

Louie helped establish the Goodyear Boy Scout Troop 136, and served as scoutmaster for 12 years. He led the troop committee, recruited numerous other adult leaders, supervised many camp-outs and encouraged many boys into leadership positions in scouting and in life.

At Wayne Street United Methodist Church, Louie held several leadership positions, including the administrative board, and was an active Bible study participant. He regularly prepared and circulated tapes of sermons for Interfaith Ministries and worked with the St. Marys Ministerial Association.

Louie served through all of the chairs at Mercer Lodge No. 121, F and AM, and recently received the 70-Year Membership Award from The Grand Lodge Free and Accepted Masons of Ohio. Louie was a member of the St. Marys Rotary Club and received the Rotary Citizen of the Year Award in 1995, the same year he was recognized as Auglaize County Senior Citizen of the Year. He was given the Chamber of Commerce Builder of Bridges Award in 2000.

Louie was an auction "junkie" and often admitted that he had auction fever. For many years he never missed a farm or home auction, or a garage or yard sale. He had an impressive eye for value, as well as an inimical bidding style.

He was a tireless volunteer at Agape Ministries, serving on its board for several years, packing and distributing food boxes every week, picking up meals and other food, including car-loads of potato chips, from surrounding towns and helping Agape help others, especially seniors.

In his spare time, he would be found as Dessie's helper at the St. Marys Dairy Queen and as a loving and caring husband and father. In his later years, he visited friends and other seniors at the hospital and in care homes and enjoyed the brotherhood of similarly-maturing guys over morning coffee and doughnuts at Pantry Pride.

Louie was preceded in death by Dessie, his wife of 58 years, and by his daughter, Connie. He is survived by sons Lou Jr. (Pat) Comus and Steve; by his grandsons, Lou III (Christine) and Chris and by his great-grandchildren, Louis IV, Robert, Alexandra, Stephen, Elijah, Michael and Joshua, all of Arizona.

Visitation will be at 9 a.m. Saturday at Wayne Street United Methodist Church, 130 N. Wayne St., St. Marys, with a celebration of Louie's life at 10:30 a.m. Interment will follow at Elm Grove Cemetery, 1275 Greenville Road.

The family appreciates donations to the Louis and Dessie Comus Scholarship fund for college-bound Memorial High School seniors who plan a career in education; send scholarship donations to the St. Marys Community Foundation, 146 E. Spring St., St. Marys.

Arrangements are entrusted to the Miller Funeral Homes in St. Marys.

Sarah Newcomer Henneberger, 85

We are deeply saddened to announce the loss of Sarah Newcomer Henneberger, 85, formerly of Chambersburg, who passed away peacefully Sunday morning, February 25, 2018.

Sarah was born August 14, 1932 in Waynesboro, and was the **daughter** of the late Richard Keller Newcomer and **Ada Shockey Newcomer**. She grew up in Smithsburg, MD, was the Head Librarian at Smithsburg Library, and graduated as Valedictorian from Smithsburg High School in 1950. She attended Gettysburg College for two years and graduated from the Johns Hopkins University School of Nursing with a Bachelor of Science degree in Nursing in 1955.

Sarah married Thomas Samuel Mortimer in 1955. They had two children, Lynn and Mike, both the pride and delight of her life. The family enjoyed cross-country camping trips, summer vacations at Rehoboth Beach, DE, winter vacations at Mount Snow Ski Resort in Vermont, board games, card games, puzzles, and watching football, basketball, golf, and the Indy 500.

As a Registered Nurse, Sarah worked as an Assistant Supervisor of Nursing at a hospital in Fort Worth, TX for a year, then later as an RN and Office Manager for gastroenterologist, Robert J. Lindeman, MD, in Bethesda, MD for 18 years. She enjoyed caring for patients, running the office, and learning more about medicine. She was well-liked by all the patients.

Sarah's avid interests included playing the piano, silk-flower arranging, contemporary interior design, crewel embroidery, gardening, St. Bernards, snow-capped mountains, reading (especially medical romances), ballroom

dancing, roller skating, and traveling.

Sarah moved from her home of 26 years in Silver Spring, MD to Evanston, IL in 1988 and worked as a Dissertation Advisor to graduate students at Northwestern University. In December 1988, Sarah's life dramatically changed when a ruptured brain aneurysm caused a massive hemorrhage resulting in left-side disability and other deficits. As she went from being independent to very dependent, she began to learn how to adapt physically and emotionally to these radical changes.

In 1989, Sarah married her second husband, Rev. James E. Henneberger, whom she had known since she was 3 years old. After they married, they continued serving the Church and caring for those in need. After retiring from formal ministry at Faith Lutheran Church in Fort Valley, VA, they relocated to Luther Ridge, a Lutheran retirement community in Chambersburg, and served faithfully at Solomon's Lutheran Church for 16 years. With Jim as her loving husband and compassionate caregiver, Sarah enjoyed life and did not feel disabled even though she could no longer do many of her interests. They enjoyed long car trips, going out to restaurants, spending time with family and friends, going to Jim's band concerts, and watching re-runs of Golden Girls, M.A.S.H., The Tonight Show with Johnny Carson, and Turner Classic movies.

SHOCKEYSVILLE

I called Scott Luttrell to check if he had any updates regarding the church, the projects that we had voted on and any updates on the possible sale of our 5 acres at Shockeyville. Scott has been trying to deal with the illnesses of three of his brothers and one of his sisters. One of his brothers had lost down to 110 or 115 pounds. He not only had stopped eating and he was dehydrated as well. (For you that have been in Shockeyville in the last several years, it was the brother that used to bring his little dog to church with him.

Reverend Isaac Luttrell and his Princess Diane are doing fine.

If we do sell most of our 5 acres at Shockeyville, Scott recommends that we set aside either a 0.25 or 0.50 acres surrounding the Time Capsule and I tend to agree with this. We need to find out how much the land taxes are going to be on either size lot.

Nothing has been accomplished on the bathrooms yet.
