

We need to make sure we are getting updated information for the master database. As I'm constantly seeing in the newsletters I'm transcribing for PDFs that they need the information to update the database as the information they have is well over 40 years old and so a lot has happened since then. This will also help your descendants when they want to find themselves or you in the Shockey family tree.

Please make sure to fill out as many fields as you can for all the family members you can.

Please "save as" and rename it such the following example: Shockey-John-b1885 with whomever is the listed in the "husband" field.

Once you finished with as many files as you can do please be sure to send the files to all of the following emails:

geraldshockey@yahoo.com, LesShockey@frontier.com, budroseberry@q.com, mshockey1@frontier.com, genealogy82@gmail.com

The Shockey Family thanks you for your help in making sure the master database is updated.
